

Littleton Public Schools Secondary Math Community Workshop

What: Algebra in 7th grade for all students?! Wow! How can I help? Come to our Secondary Math Strategies Workshop and find out. We will discuss ways that elementary mathematics prepares students for high standards in middle school. You will learn concrete ways that you can help students prepare for secondary mathematics while they are in elementary and middle school. You will also get a preview of how all of this hard work will pay off for students in high school and beyond.
